DECLARATION UNDER 37 C.F.R. 1.131

We, Alfred O. Bonati and Philip J. Ware, declare and state:

1. We are the applicants of the above-identified patent application and coinventors of the subject matter described and claimed therein.

2. Prior to October 30, 1990, we had completed our invention as described and claimed in the above-identified application in this country, as evidenced by the following:

Prior to October 30, 1990, having earlier conceived the idea of dilating an incision by employing successively larger in diameter and shorter in length dilator tubes, we conducted a successful test of our process in the presence of DAWN E. ERNST, R.N., and LEWIS POLERMO, M.D., as evidenced by the records attached to the present declaration as Exhibit A.

3. Each of the dates deleted from Exhibit A is prior to October 30, 1990.

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, or of any patent issuing therefrom.
